### **MEDIVOICE ANNOUNCES APPOINTMENT OF EDWARD J. ZECCHINI AS CHIEF OPERATING OFFICE & CHIEF TECHNOLOGY OFFICER**

**White Plains, New York - May 12, 2008** - MediVoice, LLC, the world's first mobile voice-activation solution for e-Health and e-Prescribing, announced today the recent appointment of Edward J. Zecchini as its Chief Operating Officer and Chief Technology Officer. In his new position, Mr. Zecchini will be responsible for all operations and technology functions.

"We are pleased to welcome Ed Zecchini to our MediVoice team," said Anthony V. Milone, Board Member and Managing Director. "Ed's expertise in technology and healthcare will help us realize the opportunities to provide innovative technology products."

Mr. Zecchini has extensive experience in both entrepreneurial and corporate environments with a track record of success in developing and launching new products using innovative technology. Mr. Zecchini was most recently Executive Vice President of Touchstone Health Partnership, Inc. and was responsible for operations and information technology. Prior to joining Touchstone, Mr. Zecchini held the titles of Senior Vice President and Chief Information Officer of HealthMarkets, Inc. Preceding his association with HealthMarkets, Mr. Zecchini was President and co-founder of IT Analytics. Mr. Zecchini has over 20 years of technology management experience and has also held senior positions at Medical Economics and SportsTicker, Inc.

About MediVoice, LLC:

MediVoice provides the world's first patent-pending commercially available mobile voice-activated e-healthcare solution. The company enables stakeholders in the healthcare industry to

have a low-cost, rapidly deployed solution for its caregivers. Utilizing the technology of the world's leader in speech solutions, MediVoice allows healthcare professionals to voice-activate electronic prescriptions, electronic medical records, and a wide variety of e-health services.
